SUMMARY

Java Full-Stack Developer with a strong academic foundation in computer science and hands-on project experience. Proficient in Java, React, and Spring Boot. Eager to apply my knowledge to build efficient, scalable applications and contribute to team success..

TECHNICAL SKILLS

- **Front End development :** Html, CSS , Javascript ,React
- **Programming Language :** Java
- **Frameworks :** Spring, Spring boot
- **Database :** SQL(MySQL)
- **Tools :** Git/Github

PROJECTS

- **PORTFOLIO WEBSITE(React)**
  Description : A personal portfolio website built using React to showcase my projects, skills, and achievements. It includes sections for project highlights, an about me page, and a contact form, with smooth navigation and a responsive design.

- **E-COMMERCE**
  Description : This project is a full-stack e-commerce platform designed to provide a seamless shopping experience for users. The platform allows users to browse products, add them to their cart, and make secure purchases. The project leverages Spring Boot, Java, MySQL, and React to create a scalable, and user-friendly application.
